Memphis, Tenn.

Dear Mr. Hayes:

First of all Johnson looks very good. Did you get Carter? I hope so. I had expected to have a notice about our joint schedule meeting before now, I imagine it will be in New York next week some time.

In the meantime I decided to write you about some games. Bill White told me you would like a date in Newark. In looking over my schedule, I see where I can come to Birmingham August 24th. I expect to be west with The Grays the 17th. I could take you here in Newark the 10th. The Sunday before August 3rd, we may put on a 4 team affair in Newark, in that case Leuschner could possibly book you in Bay Parkway or Bushwicks, if you want to come out here that soon. I will ask him the meantime. If he can use you I will let you know or he will get in touch with you. In the meantime let me know if you can use me in Birmingham the 24th, and if you want to come to Newark the 10th let me know.

If you do not want to make the trip and know any other team that might like to, and who could use me out west, let me know.

Please answer right away. I hope the team is going good.

Very truly yours,

EM:CCJ
